

20 April 2017

Dear Alumni,

### **MERGER OF INNOVA JUNIOR COLLEGE AND YISHUN JUNIOR COLLEGE IN JANUARY 2019**

We would like to inform you that Innova JC will be merging with Yishun JC in January 2019. The merged JC will start operations in January 2019, at the existing Yishun JC site at 3 Yishun Ring Road Singapore 768675. Innova JC's 2018 JC2 students will continue to study at the Innova JC premises until graduation. To prepare for the merger, Innova JC will not receive any new students in 2018.

2. Mergers are necessary to ensure that there is a sufficient enrolment for the college to provide a meaningful educational experience for the students. We will bring the cherished ethos and valued education programmes of both colleges together. We will ensure that the history and heritage of both colleges will be handed down through the merged JC. New student cohorts will learn their combined history and legacy. The history and heritage of both colleges will be formally documented and preserved at a heritage space in the merged JC's building.

3. MOE has not decided on the name of the merged JC. MOE will make a decision on this sometime in 2018, and the name will take effect from January 2019.

4. Do feel free to share your feedback or concerns regarding the merger with us so that we can address them. You may do so via the IJC Alumni or directly with the college at [innova\\_jc@moe.edu.sg](mailto:innova_jc@moe.edu.sg).
